DECISION AND ORDER

Union Gas Limited ("Union") filed an application (the "Application") dated February 24, 2006, with the Ontario Energy Board (the "Board") for an order or orders approving or fixing just and reasonable rates and other charges for the sale, distribution, transmission, and storage of gas commencing April 1, 2006. The Application was made pursuant to Union's approved Quarterly Rate Adjustment Mechanism ("QRAM"). Union also provided the Application and evidence supporting the proposed changes to all parties of record in the RP-2003-0063 proceeding. Union's application was assigned Board file number EB-2006-0033.

On February 28, 2006, the Board issued a Notice of Written Hearing and Procedural Order No. 1 setting March 6, 2006 as the deadline for submissions on the Application and March 8, 2006 as the deadline for Union's reply submissions.

The Board has considered the evidence and finds that it is appropriate to adjust Union's rates effective April 1, 2006 to reflect the projected changes in gas costs and the prospective recovery of the projected twelve-month balances of the gas supply deferral accounts for the period ending March 31, 2007. The Board also finds that it is appropriate to adjust Union's reference prices to reflect the projected changes in gas costs.

THE BOARD THEREFORE ORDERS THAT:

1. The Alberta Border Reference Price used to set Union's rates and other charges be established at \$9.173/GJ (34.5363 ¢/m³). This represents a decrease in the Alberta Border Reference Price previously established through Board Decision and Order EB-2005-0531 (\$10.859/GJ or 40.8950 ¢/m³). The resulting rate changes set out in Appendix "A" and the rate schedules set out in Appendix "B" shall be effective April 1, 2006;
2. The rates pursuant to all contracts for interruptible service under Rates 16, 25, M5A, M7, and T1 be adjusted effective April 1, 2006, by the amounts set out in Appendix "C". The rates pursuant to contracts for interruptible service under Rate 25 shall be negotiated within the range as adjusted in Appendix "C";
3. The reference price for use in determining the amounts to be recorded in the North Purchased Gas Variance Account (Deferral Account No. 179-105) be set at the Alberta Border Reference Price of \$9.173/GJ (34.5363 ¢/m³) effective April 1, 2006;
4. The reference price for use in determining the amounts to be recorded in the South Purchased Gas Variance Account (Deferral Account No. 179-106) be set at the Ontario Landed Reference Price of \$10.664/GJ (40.1500 ¢/m³) effective April 1, 2006;
5. The South Portfolio Cost Differential be a credit of \$0.008/GJ (0.0301 ¢/m³) effective April 1, 2006;
6. The reference price for use in determining the amounts to be recorded in the Spot Gas Variance Account (Deferral Account No. 179-107) be set at the Ontario Landed Reference Price of \$10.664/GJ (40.1500 ¢/m³) effective April 1, 2006;

7. The reference price for use in determining the amounts to be recorded in the TCPL Tolls and Fuel - Northern and Eastern Operations Area deferral account (Deferral Account No. 179-100) with respect to fuel gas be set at the Alberta Border Reference Price of \$9.173/GJ (34.5363 ¢/m³) effective April 1, 2006;
8. The inventory revaluation credit resulting from changes in the reference price as of April 1, 2006, be recorded in the Inventory Revaluation Account (Deferral Account No. 179-109); and
9. The respective forms of the customer notices set out in Appendix "D" be given to all customers with the first bill or invoice reflecting the new rates.
