Show of Hands

How many on the call are...

- Utilities?
- Customer Groups (Rate Payers)?
- 3rd Parties wanting the Green Button Connect?
- Parties building a Data Custodian infrastructure?

Utilities known to have a copy of ESPI v3.3

Enbridge Gas (older version of the standard)

Entegrus Powerlines

Envari Energy Solutions (Hydro Ottawa)

ERTH Power Corporation

Hydro One Networks

London Hydro

Utilities Kingston

List of Items from Previous Meetings

Bulk Registration - For a single utility (GB -related), Across utilities (not GB -related)

Discuss Virtual Accounts (e.g., Alectra)

Need clarity on what the 'product' will be and how it works. Some Parties would like to provide demonstrations.

Authentication vs. Authorization. What is the Difference?

What about the MDMR. Can it be used?

Can we support non-digital Authorizations. (e.g., paper) What are the costs?

OEB Questionnaire Results - What is important?

Answered: 19 Skipped: 0

Review / Discuss - Meter side (Usage) of Green Button in relation to Regulation - 1 hour

The Regulation - O. Reg. 633/21: ENERGY DATA

“energy data” means any energy usage and account holder information identified in REQ.21.2.5t or REQ.21.2.6t in the **NAESB ESPI standard that is collected by the energy provider and made available to account holders in the normal course of the energy provider’s operations**, excluding any data collected in respect of projects that are being undertaken on a trial basis; (“données énergétiques”)

(2.4) Every energy provider shall ensure that account holders and, if applicable, any persons or entities who have been authorized by the account holder under section 3 have access to the account holder’s energy data for at least the lesser of, (a) **the previous 24 months**; or (b) the period of time within the previous 24 months during which the account holder held an account with the energy provider.

(2.5) **Every energy provider shall ensure that the energy data made available to account holders and, if applicable, authorized persons and entities provides energy usage information for interval periods of one hour or less, subject to any limitations of the energy provider’s metering infrastructure**

IWG - Next Steps?
