26.02 Interrogatories shall:

- (a) be directed to the party from whom the response is sought;
- (b) contain a specific reference to the evidence;
- (c) be grouped together according to the issues to which they relate;
- (d) contain specific requests for clarification of a party's evidence, documents or other information in the possession of the party and relevant to the proceeding;

- v. if a supplementary round of interrogatories is ordered, the “interrogatory number for that party” remains sequential for that party and the suffix “s” is added to the interrogatory number;

- (h) set out the date on which the response is filed and served.

27.02 A party who is unable or unwilling to provide a full and adequate response to an interrogatory shall file and serve a response:

- (a) where the party contends that the interrogatory seeks information that is not relevant, setting out specific reasons in support of that contention;
- (b) where the party contends that the information necessary to provide an answer is not available or cannot be provided with reasonable effort, setting out the reasons for the unavailability of such information, as well as any alternative available information in support of the response; or
- (c) otherwise explaining why such a response cannot be given.

A party may request that all or any part of a response to an interrogatory be held in confidence by the OEB in accordance with **Rule 10**.

27.04 Where a party fails to respond to an interrogatory made by OEB staff, the matter may be referred to the OEB.

28. Identification of Issues

28.01 The OEB may identify issues that it will consider in a proceeding if, in the opinion of the OEB:

- (a) the identification of issues would assist the OEB in the conduct of the proceeding;
- (b) the documents filed do not sufficiently set out the matters in issue at the hearing; or
- (c) the identification of issues would assist the parties to participate more effectively in the hearing.

28.02 To assist parties and the OEB in identifying issues that may be in scope for a specific proceeding, the OEB has developed standard issues lists for certain types of applications.

28.03 In filing its application, an applicant may: (i) propose that the standard issues list be used (where a standard issues list exists for that type of application) with or without modifications; or (ii) file a proposed issues list for consideration by the parties and the OEB.

28.04 Where there is no standard issues list and an issues list has not been proposed by the applicant, the OEB may direct OEB staff to prepare and file a draft issues list.

28.05 The OEB may direct the parties and OEB staff to engage in discussions and/or participate in an issues conference for the purpose of reaching a consensus on the issues list for a proceeding. Any proposed issues list flowing from such events should be filed with the OEB by OEB staff and shall set out any issues that:

- (a) the parties have agreed should be contained on the list;
- (b) are contested; and
- (c) the parties agree should not be considered by the OEB.

28.06 Any issues list filed by a party and/or OEB staff is subject to approval by the OEB. The OEB may amend the issues list to add, remove or revise any issues proposed.

28.07 Before making its determination on any issues list filed, the OEB may hold a hearing to obtain submissions from the parties on what issues should be in scope in the proceeding.

PART VII - REVIEW

40. Request

- 40.01 Subject to **Rule 40.02**, any person may bring a motion requesting the OEB to review all or part of a final order or decision, and to vary, suspend or cancel the order or decision.
- 40.02 A person who was not a party to the proceeding to which the motion relates must first obtain the leave of the OEB by way of a motion before it may bring a motion under **Rule 40.01**.
- 40.03 The notice of motion for a motion under **Rule 40.01** shall include the information required under **Rule 42**, and shall be filed and served on all parties to the proceeding to which the motion relates within 20 calendar days of the date of the order or decision that is the subject of the motion.
- 40.04 Subject to **Rule 40.05**, a motion brought under **Rule 40.01** may also include a request to stay the implementation of the order or decision pending the determination of the motion.
- 40.05 For greater certainty, a request to stay shall not be made where a stay is precluded by statute.
- 40.06 In respect of a request to stay made in accordance with **Rule 40.04**, the OEB may order that the implementation of the order or decision be delayed, on conditions as it considers appropriate.

41. Powers of the OEB

- 41.01 The OEB may at any time initiate a review of one of its decisions or orders, and may confirm, vary, suspend or cancel the order or decision.
- 41.02 The OEB may at any time, without notice or a hearing of any kind, correct a typographical error, error of calculation or similar error made in one of its orders or decisions.

ONTARIO ENERGY BOARD

Rules of Practice and Procedure

Revised February 1, 2024

the following:

- i. the OEB made a material and clearly identifiable error of fact, law or jurisdiction. For this purpose, (1) disagreement as to the weight that the OEB placed on any particular facts does not amount to an error of fact; and (2) disagreement as to how the OEB exercised its discretion does not amount to an error of law or jurisdiction unless the exercise of discretion involves an extricable error of law;
 - ii. new facts that have arisen since the decision or order was issued that, had they been available at the time of the proceeding to which the motion relates, could if proven reasonably be expected to have resulted in a material change to the decision or order; or
 - iii. facts which existed prior to the issuance of the decision or order but were unknown during the proceeding and could not have been discovered at the time by exercising reasonable diligence, and could if proven reasonably be expected to result in a material change to the decision or order;
- (b) if sought, and subject to **Rule 40**, request a stay of the implementation of the order or decision or any part pending the determination of the motion;
 - (c) describe how the moving party's interests are materially harmed by the decision or order;
 - (d) where the grounds include new facts and the new facts relate to a change in circumstances, explain whether the change in circumstances was within the control of the moving party;
 - (e) provide a clear explanation of why the motion should pass the threshold described in **Rule 43.01**; and
 - (f) set out the specific relief requested.

43. The Threshold Question and Determinations

43.01 In addition to its powers under **Rule 18.01**, prior to proceeding to hear a motion under **Rule 40.01** on its merits, the OEB may, with or without a hearing, consider a threshold question of whether the motion raises relevant issues material enough to warrant a review of the decision or order on the merits. Considerations may include:

- (a) whether any alleged errors are in fact errors (as opposed to a disagreement regarding the weight the OEB applied to particular facts or how it exercised its discretion);
- (b) whether any new facts, if proven, could reasonably have been placed on the record in the proceeding to which the motion relates;

ONTARIO ENERGY BOARD

Rules of Practice and Procedure

Revised February 1, 2024

- (c) whether any new facts relating to a change in circumstances were within the control of the moving party;
- (d) whether any alleged errors, or new facts, if proven, could reasonably be expected to result in a material change to the decision or order;
- (e) whether the moving party's interests are materially harmed by the decision and order sufficient to warrant a full review on the merits; and
- (f) where the grounds of the motion relate to a question of law or jurisdiction that is subject to appeal to the Divisional Court under section 33 of the *OEB Act*, whether the question of law or jurisdiction that is raised as a ground for the motion was raised in the proceeding to which the motion relates and was considered in that proceeding.

43.02 Where the OEB determines that the threshold in **Rule 43.01** has been passed, or where it has chosen not to consider the threshold, or where it is conducting a review on its own motion, it will hear the motion on its merits and decide whether to confirm, cancel, suspend or vary the decision or order.

43.03 The OEB will only cancel, suspend or vary a decision when it is clear that a material change to the decision or order is warranted based on one or more of the grounds set out in **Rule 42.01(a)**.

APPENDIX A INTERVENTION FORM

All persons applying for intervenor status in a proceeding must complete this Intervention Form.

Instructions for Persons Intervening to Represent their own Interests: If you are representing your own interests as an individual customer of the applicant (e.g., ratepayer of a utility in a rates application) or as an individual directly affected landowner in a leave to construct application:

- in completing part (ii) of Question 1, include your own contact information unless you are being represented or assisted by counsel or another person in the proceeding
- you do not need to complete parts (ii), (iii) or (iv) of Question 1

The OEB's Intervention Form and Intervention Process Guidance Document provide additional direction for individual participants. If you are not familiar with the OEB's hearing process, please visit the OEB's website at oeb.ca/participate for more information on how to participate in an OEB hearing.

Question 1:

Please provide the information requested in parts (i) through (iv). Intervenors who have filed their annual Frequent Intervenor Form do not need to provide this information again and can instead provide a link to their Frequent Intervenor Form in response to part (v), unless any of the information has changed since the Frequent Intervenor Form was filed with the OEB.

- i. Name of the intervenor
 - ii. Name and contact information of no more than two authorized representatives, to be used for official communication purposes
 - iii. Details regarding the:
 - Mandate and objectives of the intervenor
 - Membership of the intervenor and the constituency represented. **Please do not** provide the names of any individuals. If the intervenor is comprised solely of individuals (for example a group of directly affected landowners) provide a general description of who the members are.
 - The types of programs or activities carried out by the intervenor
 - iv. Provide a high-level description of the governance structure of the intervenor and how the intervenor's representatives will report to and receive instructions from the intervenor
 - v. Link/upload to the intervenor's Frequent Intervenor Form, if filed with the OEB and current
-

Question 2:

Please list any OEB proceedings in which you have been granted intervenor status in the last 24 months. Please also list any instances in the last 24 months in which you have been denied intervenor status in an OEB proceeding.

Question 3:

How are you materially impacted by the proceeding? Where the proceeding has an issues list (including a standard issues list), please identify the specific issues from the issues that you expect will be the subject of your intervention. To the extent that you believe an issue that is relevant to and material in the proceeding is missing from the issues list, please describe it here.

Question 4:

To the extent that you primarily represent a policy interest (as opposed to, for example, ratepayers in a rates proceeding or directly impact landowners in a leave to construct proceeding), please identify the policy interest(s) in question, how they relate to the issues list (where there is an issues list), and why that interest is relevant to and material in the proceeding.

Question 5:
