

## Appendix G – Organization List and Maps

This appendix contains a list of all organizations that participated in Part One. It includes those organizations that participated in the January Province-Wide Stakeholder meeting, organizations that provided a written submission, local organizations that made a presentation at a Community Discussion, and organizations identified by individual participants when they signed in at a Community Discussion.

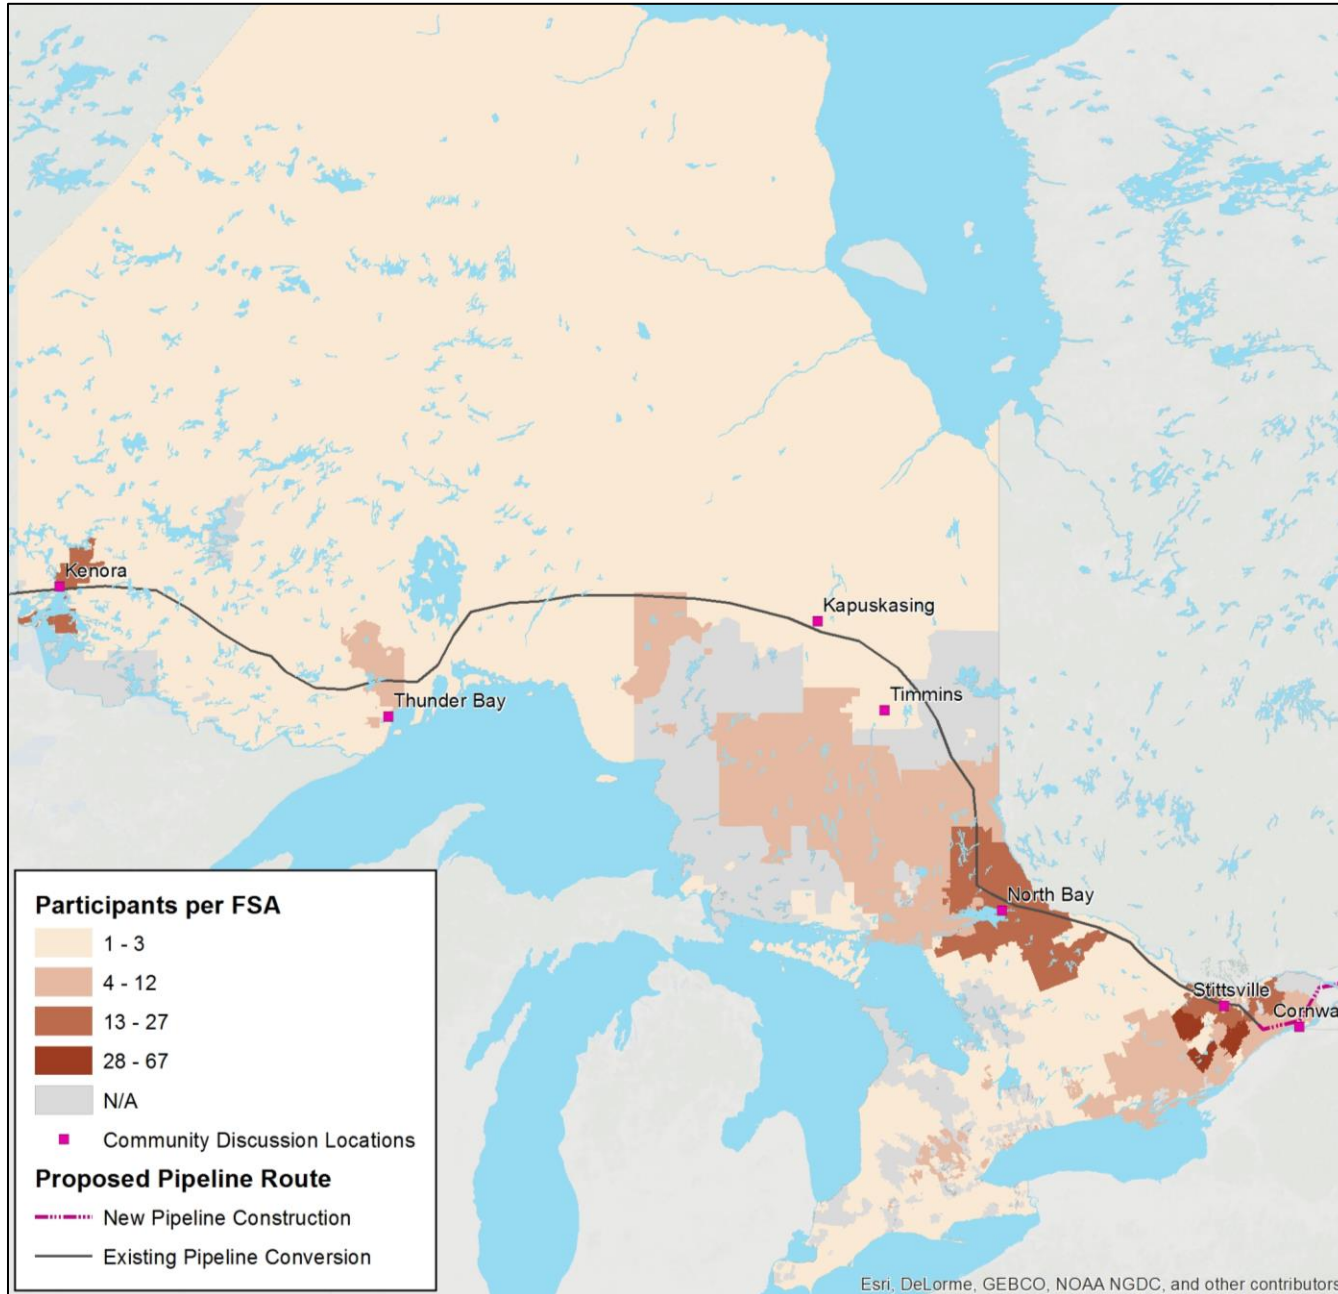

This appendix also contains four maps displaying the distribution of participants by FSA (forward sorting area) across the province. This distribution is based on the 1,090 participants who chose to provide their FSA. Participants had the option to provide their FSA when they signed up for E-Updates or provided a written submission via the website comment form. Some participants who provided written submissions through other methods also chose to provide their FSA.

## Participating Organizations

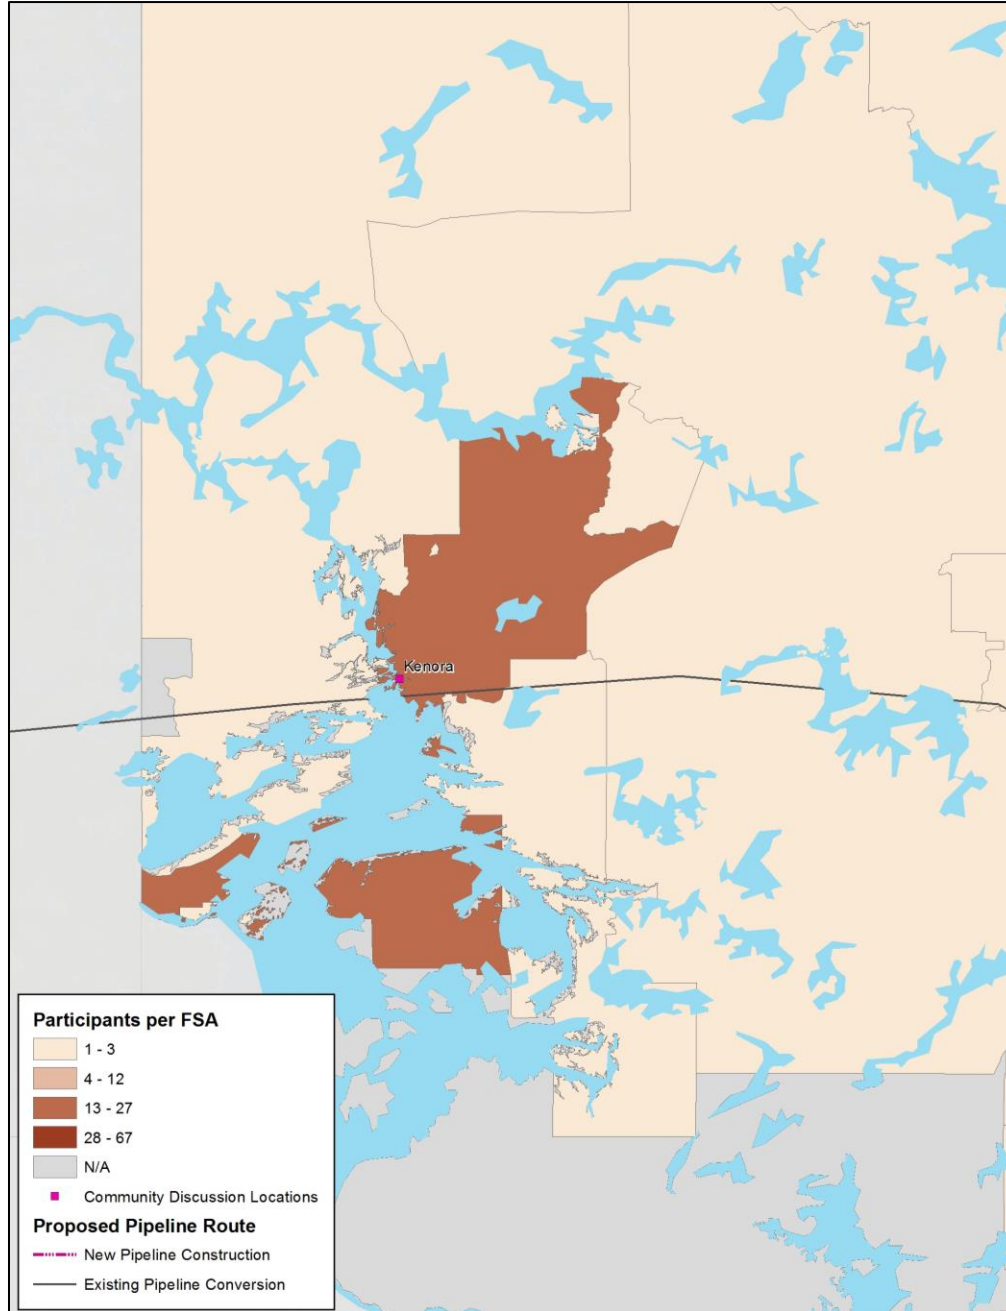

1. 350 Ottawa
2. 89.5 the Lake FM
3. Association of Municipalities of Ontario (AMO)
4. Association of Power Producers of Ontario (APPrO)
