Mr. John Zych
Board Secretary
Ontario Energy Board
P.O. Box 2319
2300 Yonge Street, Suite 2700
Toronto, Ontario
M4P 1E4

Dear Mr. Zych:

**Re: Comments on Proposal Amendments to the
Standard Supply Service Code - File No.: RP-2004-0205**

I am writing to provide you with Ontario Power Generation Inc.'s (OPG's) comments concerning proposed amendments to the Standard Supply Service (SSS) Code. Specifically, our comments address the proposed amendment to Section 3.7.1 of the SSS Code which requires distributors to apply the Regulated Price Plan (RPP) settlement amount to consumers that leave the RPP because they cease to meet the RPP eligibility requirements.

OPG supports the Board's proposed amendment that would broaden the scope of situations in which distributors must monitor their consumers' consumption levels to ensure that a consumer continues to be eligible for the RPP, and when they are no longer eligible because their consumption exceeds the eligibility level, apply the RPP settlement amount to those consumers. OPG further submits that consumers should automatically qualify to return to the RPP if their consumption drops to eligible levels on an annual basis, and that distributors should be required to monitor consumption levels for this purpose.

Thank you for the opportunity to comment on the proposed amendments to the Standard Supply Services Code. Please contact me if you have any questions with respect to these comments.

Yours truly,

Barbara Reuber
