Dear Madam,

Re: Cost of Capital EB-2006-0088 and 2nd Generation IRM EB-2006-0089

Grimsby Power Incorporated was requested to answer questions from both Board staff and School Energy Coalition.

Attached is our response to School and we have cooperated with the EDA to respond to Board staff questions. The EDA is submitting that response under a different submission.

We trust that these attempt to meet the Board request and if further clarification is required please contact me regarding our response to School's and the EDA regarding that submission.

Yours truly,

Brian Weber
