Dear Ms. Walli:

**EB-2006-0330 – Multi-year Electricity Distribution Rate Setting Plan Selection of Electricity Distributors for Rebasing**

Hydro One Remote Communities (Remotes) has received your January 2, 2008 letter setting out the electricity distributors selected for rebasing in 2009 and 2010 and notes that Remotes is not included in either rebasing tier.

Remotes hereby requests that it be included in the list of distributors whose rates will be rebased in 2009.

Remotes is an integrated generation and distribution utility and is regulated by the Ontario Energy Board. Remotes is facing increased costs for diesel fuel that have, over the past two years, had a material impact on its costs. Diesel fuel costs are forecast to continue to escalate through 2009. To avoid issues related to its liquidity, an examination of costs during 2008 is required.

If you have any questions please give Ms. Una O'Reilly a call at 416 345 6698.

Yours truly,

Susan Frank
