Review Of Electricity Distribution Rate Design, EB-2007-0031

Att'n; Board Secretary

In response to the notice dated March 30, The Federation of Ontario Cottagers' Associations Inc. (FOCA), wishes to participate in this consultation, will make written comments on the Staff Discussion Paper and wishes to be on the distribution list for future developments in the consultation. All correspondence should be directed to the undersigned at the above address.

FOCA also wishes to apply for a cost award.
FOCA represents directly the interests of Hydro One's seasonal residential class and indirectly all other customer classes.
FOCA has no other source of funding for participation in such consultations.

FOCA has participated as an intervenor in numerous other OEB Proceedings including RP-1999-0034, RP-2000-0169, RP-1999-0044 and Hydro One's original Distribution Rate Application and was found eligible for costs.
FOCA also participated on an unfunded basis in the CDM consultations and the Cost Allocation Review Process.
FOCA will be represented by the undersigned and does not intend to retain legal counsel or other experts.

John S. McGee

Consultant to FOCA
