Dear Ms. Walli:

EB-2007-0050 – Hydro One Networks' Section 92 Bruce - Milton Transmission Reinforcement Application – Application and Evidence Filing

As urged by the OPA in their letter of March 23, 2007, Hydro One is making every effort to quickly get regulatory approvals and start construction of the new Bruce to Milton 500 kV transmission line with the intent to meet the December, 2011 in-service date.

I am attaching ten (10) copies of the Hydro One Networks' Application and Prefiled Evidence in support of an Application pursuant to Section 92 of the Ontario Energy Board Act for leave to construct a new 500 kV transmission line between Bruce and Milton. An electronic copy (text searchable Acrobat format on CD) is provided with this letter.

Hydro One Networks' contacts for service of documents associated with this Application are listed in Exhibit A, Tab 1, Schedule 1.

Sincerely,

ORIGINAL SIGNED BY SUSAN FRANK
