

EB-2007-0050

IN THE MATTER OF the *Ontario Energy Board Act 1998*, S.O.1998, c.15, (Schedule B) (the “Act”);

AND IN THE MATTER OF an Application by Hydro One Networks Inc. pursuant to section 92 of the Act, for an Order or Orders granting leave to construct a transmission reinforcement project between the Bruce Power Facility and Milton Switching Station, all in the Province of Ontario.

PROCEDURAL ORDER NO. 2
The Leave to Construct Application

Hydro One Networks Inc. filed an application with the Ontario Energy Board (the “Board”) on March 29, 2007 for leave of the Board to construct approximately 180 kilometres of double-circuit 500 kV electricity transmission line adjacent to the existing transmission corridor which extends from the Bruce Power Facility in Kincardine Township to Milton Switching Station in the town of Milton. Hydro One also proposes to make modifications at the Milton, Bruce A and Bruce B transmission stations to accommodate the new transmission lines. This Leave to Construct Application was given Board file No. EB-2007-0050.

Procedural Order No. 1 dated June 5, 2007 established the timeline for this proceeding and also provided a preliminary list of Intervenors as well as a draft Issues List proposed by Board staff.

Upon reviewing the motion materials of the moving and responding parties, the Board has determined that the hearing of motions scheduled for Tuesday, June 26, 2007 at the Board’s offices in Toronto should be advanced to Monday June 25, 2007 to coincide with the hearing of motions for the Access to Land proceeding (EB-2007-0051). With the exception of the motion for interim costs by Pollution Probe, the issues raised in the motions for both the EB-2007-0050 and EB-2007-0051 motions are similar, and the Board has determined that the motions should be heard on the same day. This would

be more convenient and efficient since it would allow many of the participants to attend the hearings on one day instead of two and avoid duplication because of the similarity of the motions.

[The Board also hopes to hear the Pollution Probe motion on June 25. If there is not sufficient time to consider all of the motions on June 25th, however, the proceeding may continue on June 26.]

The Board has also revised the preliminary list of intervenors and the revised list is attached as Appendix A to this Order.

The Board considers it necessary to make provision for the following procedural matters. Please be aware that further procedural orders may be issued from time to time.

THE BOARD ORDERS THAT:

1. Order No. 3 in the Board's Procedural Order No. 1 is hereby revised to read as follows:
 3. The Board will hear the motions orally on **Monday, June 25, 2007** at the Board's offices at **9:30 a.m.** in the Board's West Hearing room located on the 25th floor, 2300 Yonge Street, Toronto
2. All other dates and times indicated in Procedural Order No. 1 remain unchanged.

DATED at Toronto, June 21, 2007.

ONTARIO ENERGY BOARD

Original Signed By

Kirsten Walli
Board Secretary
