Dear Ms. Walli:

**RE: Ontario Energy Board File Number EB-2007-0630
Consultation on Distributed Generation: Rates and Connection**

On July 20, 2007, Aegent Energy Advisors wrote to you on behalf of the University of Toronto indicating that the university intended to participate in the EB-2007-0630 consultation. The University of Toronto is a member of the Ontario Association of Physical Plant Administrators (OAPPA). In addition to the University of Toronto, certain other members of OAPPA operate distributed generation. As a result they too have a direct interest in this consultation. Consequently, the comments enclosed with this letter represent the submissions of not only the University of Toronto but of OAPPA as well.

Therefore, please find enclosed three copies of the submissions of the Ontario Association of Physical Plant Administrators in the EB-2007-0630 consultation. Please note that an electronic copy in PDF format has also been sent to you.

OAPPA appreciates the opportunity to participate in this consultation. Should you have any questions, please feel free to contact me at 416-622-9449, X104.

Yours truly,

Valerie Young
