

3rd Generation IRM Working Group

Draft Agenda for November 29, 2007 (9am – 5pm)

Location: Ontario Energy Board
ADR Room, 25th floor
2300 Yonge Street
Toronto, Ontario

Overview

9:00 AM 9:30 AM

1 – Issue Analysis: continued...

9:30 AM 1:30 PM

- Recap and discuss options: further detail to develop clear statements of options including methods for deriving values for: inflation and productivity; and any special parameters in a "modular approach" (e.g., "K", "CDM").
- Preferred option: specifying one approach suitable for most distributors or specifying multiple approaches to try to tailor for all distributors.

2 – Long term vision for IR and how to get there...

1:30 PM 3:00 PM

- Gap analysis: describe what IR should be in the long-term; identify steps to get us from 3rd Generation IR to the future IR

Wrap Up & Next Steps (~30 min)

3:00 PM 4:00 PM

- Planning for December 14th stakeholder consultation conference
