ONTARIO ENERGY BOARD

RE #. 2007-0707

I am interested in the application with O.E.B. as stated above. Although I am not able to travel much at this time I am interested in keeping posted. I do not have a computer (by choice) so am writing by so that hopefully I will be kept aware of the final outcome of this plan:- I believe it's important for us & future generations to manage our resources as efficiently as possible & hopefully, this will be an excellent start. I will request a copy of the issues to be discussed as requested & will comment on them after I receive them. I hope in within the proper time-frame.
