

Ontario Energy Board  
Commission de l'Énergie de l'Ontario  
**Application for Electricity Generator Licence**

# Application Instructions

## 1. Purpose of this form

The purpose of this form is to collect information to enable the Director of Licensing at the Ontario Energy Board to determine whether the Applicant will be granted a licence to generate electricity for sale.

## 2. Structure of the Application Form

This form contains the following sections:

- A. General Information;
- B. Corporate and Technical Information;
- C. Information about Key Individuals within the organization;
- D. Notice and Consent; and
- E. Acknowledgement of Other Market Conditions

**Note:** The Director of Licensing shall keep confidential the information in Schedules B and C of this form, with the exception of the names and positions held of key individuals listed in Schedule C. Information provided may form part of the public record if the application is referred to the Board by the Director or the decision of the Director is appealed to the Board. This information may also be disclosed in accordance with the *Freedom of Information and Protection of Privacy Act* or as otherwise required by law.

## 3. Completion Instructions

PRINT CLEARLY or TYPE all information in BLACK. Please send the completed form and two copies of all attachments to:

Board Secretary  
Ontario Energy Board  
Attn: Licence Processing  
2300 Yonge Street  
P.O. Box 2319, 26th Floor  
Toronto, ON M4P 1E4

## 3. Licence Fees:

### **Application Fees:**

A non-refundable application fee of \$500.00, in Canadian funds, is required to process your application. Please enclose a cheque or money order made payable to the Minister of Finance, Province of Ontario.

### **Note:**

The Licencee may be required to pay an annual fee.

## 4. Important Information:

As a licenced Electricity Generator, the licensee may be subject to additional obligations as required by a distributor, transmitter or the Independent Market Operator (IMO) and as established under section 70 of the *Ontario Energy Board Act, 1998*.

The issuance of an electricity generator licence does not guarantee accreditation by the IMO or connection to a transmission or distribution system.

## E. Acknowledgement of Other Market Conditions

**NOTE:** This acknowledgement must be signed by the proprietor or by at least one partner, officer or director of the organization.

I understand and acknowledge that, as a licenced electricity generator, I may have to meet requirements to disclose information to consumers in accordance with any government regulation made or standard set by the Board.

I understand and acknowledge that, if I intend to operate in the Independent Market Operator (IMO) administered markets and settle bilateral contracts through the IMO, I may have to post security (i.e., financial guarantee bond, security deposit) with the IMO to meet its prudential requirements.

I understand and acknowledge that, if I choose to settle the wholesale cost of electricity consumed or sold by my customers through a distributor's settlement system, I may have to meet prudential requirements as set out in the Retail Settlement Code.

I understand and acknowledge that, as a licenced electricity generator, I must enter into a connection agreement with the distributor or transmitter to whom my facilities are connected.
