Re: Standard Supply Service Code Implementation Guidelines

On February 24, 2000 Board staff held a workshop to gather views on Standard Supply Service (SSS) Code implementation issues. I wish to thank all participants who took the time to attend the workshop. Your suggestions and feedback were helpful in drafting the attached document, *Draft Standard Supply Service Code Guidelines* which I am circulating to all interested parties for comment.

The Board will take parties' comments into consideration before finalizing the SSS Code guidelines which will be placed as a chapter in the *Electricity Distribution Rate Handbook*.

With respect to the written comments on the Draft Guidelines, please to the extent possible, organize your comments noting the sections of the draft Guidelines;

Please send written comments by E-mail (preferred vehicle), post or fax to Colin Schuch by **April 14, 2000** at: E-mail: schuchco@oeb.gov.on.ca
