1 BACKGROUND

1.1 The Development of the Gas Distribution Access Rule

1.1.0.1 In making the Gas Distribution Access Rule, the Board is exercising its authority under section 44 of the *Ontario Energy Board Act, 1998* (the "Act") as follows:

44. (1) The Board may make rules,

...

(b) governing the conduct of a gas distributor as such conduct relates to any person,

i. selling or offering to sell gas to a consumer,

ii. acting as agent or broker for a seller of gas to a consumer,

or

iii. acting or offering to act as the agent or broker of a consumer in the purchase of gas;

...

(d) establishing conditions of access to transmission, distribution and storage services provided by a gas transmitter, gas distributor or storage company;

...

(f) requiring and providing for the making of returns, statements or reports by any class of gas transmitters, gas distributors or storage companies relating to the transmission, distribution, storage or sale of gas, in such form and containing such matters and verified in such manner as the rule may provide;

...

1.1.0.2 The Board issued a "Notice of Intent to Make a Rule" on October 11, 2002. This was accompanied by the Proposed Gas Distribution Access Rule ("Proposed

Rule") and a Supplemental Report to the Board, each dated October 9, 2002. Interested parties were asked to provide written comments to the Board by October 31, 2002. The following parties responded:

- City of Kitchener (Kitchener)
- Coalition for Efficient Energy Distribution (CEED)
- Direct Energy Marketing Limited (Direct Energy)
- Enbridge Gas Distribution Inc. (EGD)
- F. & V. Energy Co-operative Inc. (F&VEC)
- Ontario Energy Savings Corp. (OESC)
- Ontario Power Generation Inc. (OPG)
- Union Gas Limited (Union Gas)
- The Vulnerable Energy Consumers Coalition (VECC)

The October 9, 2002 Supplemental Report to the Board, the Proposed Rule, and the written representations received by the Board with respect to the Proposed Rule are available on the Board's website at www.oeb.gov.on.ca, and at the offices of the Board during normal business hours.

2 PANEL RECOMMENDATIONS

This is the Panel's Report to the Board and sets out the Panel's recommendations to the Board. Parties have reiterated a number of comments that have been addressed in previous Panel Reports to the Board.

Based on parties' comments and consideration of the Board's rule-making authority the Panel recommends that no further material changes be made to the Proposed Rule.

In its Supplemental Report to the Board, the Panel recommended that the Board direct gas distributors to file implementation plans within 30 days of making the Rule. Also, the Panel recommended that the Board direct each gas distributor to file within 60 days of the Rule being made, for Board approval, the form of Service Agreement that it intends to offer gas vendors. In light of the potential for rule-making to occur so close to the holiday season, the Panel recommends that the Board consider extending the time lines for these filings, and that section 1.4 of the Proposed Rule, which establishes when the Rule would come into force, should be revised with appropriate specific dates.

With regards to the form of Service Agreement, the Panel wishes to clarify that the document to be filed should be the distributor's draft of a basic service agreement that it would initially present to any gas vendor. The Panel notes that section 3.2.3 of the Proposed Rule contemplates that parties will have the right to negotiate terms and conditions different than those found in the Board approved form of Service Agreement.

2.1 Summary Recommendation

- 2.1.0.1 The Panel recommends that the Board should make the Gas Distribution Access Rule attached as Appendix A to this Report, subject to revision of section 1.4 setting out the effective dates for the Rule coming into force, pursuant to section 44 of the *Ontario Energy Board Act, 1998*.
