NEW BUSINESS		
Item	Discussion	Action Items & Prime
1. Move Scenarios	<ul style="list-style-type: none"> Enbridge has proposed that vendors can use the account number of the old location to transact on the new location but will not provide any value in the "New Account Number" field of the CCL Inter-territory moves will require greater lead times and cannot be done retroactively by Union. Enbridge may or may not be able to do retroactive moves. RAM and CCL have similar data requirements but vendors maintain that the business rules are different. Distributors would prefer to use a single transaction for both seamless and non-seamless moves. 	<ul style="list-style-type: none"> Vendors will investigate the implications of this Mark will provide timelines for inter-territory moves Latif will update move scenario document, which can be incorporated into EBT Standards as flows
2. Enrollment Transactions	<ul style="list-style-type: none"> The unformatted billing address in the enroll transactions will be expanded from 4 to 5 lines 	<ul style="list-style-type: none"> Barb will change IG

3. CCL Transactions	<ul style="list-style-type: none"> The effective date of the CCL transaction will represent the date on which the vendor's contract is transferred from Location A to Location B The vendor's would like the utility to provide primary phone number of the customer's new location in the CCL transaction, if it is available CCL IG is complete and ready for internal reviews. This will begin once the EBT Standards document has been updated. 	<ul style="list-style-type: none"> All will check with legal departments if this would violate privacy laws Barb will update the EBT Standards
4. CCI Transactions	<ul style="list-style-type: none"> A CCI will be used by the vendor to inform the distributor that a customer is moving The distributor will send one CCI transaction per account change (e.g. if a customer's Billing Address and Rate Class change, the distributor will send two CCI transactions with different effective dates) Barb has received direction that Phone Number should not be a mandatory field, but if distributors agree they can provide it Enbridge proposes to use the CCI to provide the new account number that is assigned when a customer moves into a new location 	<ul style="list-style-type: none"> Darcy to update CCI IG
5. Duplicate Transaction Numbers	<ul style="list-style-type: none"> If a particular PIPE Document contains transactions with duplicate reference numbers, the receiver of the PIPE Document should send an FA Reject If a particular PIP Transaction has a transaction reference number that is unique within its PIPE Document but not unique within all PIP Transactions ever sent, the receiver should send an application-level reject for that transaction.
