

THESI INTERROGATORY #3

INTERROGATORY

Reference: Report of John Todd, filed September 26, 2003, Page 3, Lines 4-9

Question: Is it your evidence that the incumbent distributor should not have the right to provide individually metered services where the end-use consumer is situated in an "underserved location"?

RESPONSE

All distributors, including the incumbent LDC, should have the right to compete to provide distribution services and individual meters to new customers in non-served and under-served locations.
