

THESI INTERROGATORY #6

INTERROGATORY

Reference: Report of John Todd, filed September 26, 2003, Page 3, Lines 10-14

Is your evidence that interval meters are unavailable from incumbent distributors?

RESPONSE

The Report does not suggest that interval meters are unavailable from incumbent distributors. What the Report does suggest is that when subjected to competitive pressure, more incumbent distributors would make a greater effort to respond to customer preferences, including interval meters. Some distributors are offering interval meters in specific circumstances to residential customers as an additional service but Wirebury is not aware of any current distributor that is providing interval meters as their standard offering in the residential market.
