

1        **Ontario Energy Board (Board Staff) INTERROGATORY #7 (Prefiled Evidence)**

2

3        **Interrogatory**

4

5        At page 4 it is stated that Network's rates would increase by about 5% if overlapping  
6        territories or liberal expansions were allowed. Please provide, or indicate where in the  
7        evidence exists, the data, calculations, and underlying assumptions that underpin this  
8        estimate.
