1	Vulnerable Energy Consumers' Coalition (VECC) INTERROGATORY #19		
2			
3	<u>Interrogatory</u>		
4 5	Reference:	Hydro One's Response to Essex Power Lines Corporation. Application, page 6 (lines 12-13)	
6		page 0 (miles 12-13)	
7 8 9	Preamble:	"Networks is already positioned to provide the most cost-effective planning option for new customer connections"	
9 10		plaining option for new customer connections	
11	Question:		
12	-) T	Les Hades One dessels and former etc. of the fecture less description and a in the	
13 14	a) Has Hydro One developed forecasts of the future load requirements in the proposed expansion areas?		
14 15	b) If yes, in developing such forecasts, has Hydro One consulted with the local		
15		nunicipality regarding its future plans?	
17		Are the existing supply facilities in (and to) the proposed expansion areas – as	
18		portrayed in Tabs 1 through 5 – sufficient to meet the projected growth or will	
19	t	he facilities have to be upgraded or new facilities constructed (e.g. new	
20	ł	higher voltage/higher capacity lines or stations) in the foreseeable future?	
21			
22			
23	<u>Response</u>		
24			
25	Note: The preamble is incorrectly quoted from lines 12-13. The correct quote is		
26 27	"Networks is already positioned to supply the most cost effective new customer connections".		
27			
20 29	a), b), c), Please refer to Networks' Exhibit J8-11-14 as that response is also applicable		
30	for Essex Powerlines.
