

1 **Veridian Connections Inc. INTERROGATORY #1**

2
3 **Interrogatory**

4
5 On page 4, line 14 of Network's Prefiled Evidence, it is stated that Networks has
6 estimated that the adoption of overlapping service areas and competition for distribution
7 services could result in distribution rate increases of 5% over ten years. Please provide
8 details regarding the methodology employed and the assumptions used in reaching this
9 estimate?

10
11
12 **Response**

13
14 Please refer to Networks' Exhibit J8-12-5.
