

1                                    **Wirebury Connections Inc. INTERROGATORY #8 (LDC IR)**

2  
3                                    **Interrogatory**

4  
5                                    If the Board decides to limit access to and competition for distribution services to new  
6                                    (i.e. unattached or non-metered) customers,

7  
8                                    (a) what would happen to the benefits of open access and customer choice, and,

9  
10                                   (b) Would customers still benefit from competition, and if not, why not?

11  
12  
13                                   **Response**

14  
15                                   See Networks' prefiled evidence Section 1 and Appendix A.2.
