Intervention of Wirebury Connections Inc. (formerly OZZ Energy Inc.)**

---

We are writing as counsel to Wirebury Connections Inc. ("Wirebury") formerly OZZ Energy Inc.

Pursuant to the Ontario Energy Board's Procedural Order #2, Wirebury requests that the Board consider adopting the following principles for dealing with applications for distribution service area amendments:

1. Open competition for distribution services;
2. Non-discriminatory access to distribution systems;
3. Customer value in reliability, energy efficiency and quality of electrical services;
4. Economic efficiency in distribution;
5. Expedient approval process.

Wirebury also respectfully requests that the following issue be added to Appendix "A" to Procedural Order #1 at issue 5:
