Re: RP-2003-0144 - Staff Report to the Board on Demand-Side Management and Demand Response

Enclosed please find nine (9) copies of the Power Workers' Union's (PWU) comments on the Staff Report to the Board on Demand-Side Management and Demand Response, prepared on our behalf by Elenchus Research Associates. The PWU appreciates the opportunity to provide comments and we hope that the Board will find them helpful in making its recommendations to the Minister.

Yours truly,
