

**TABLE OF CONCORDANCE

Note: This Table of Concordance has been prepared to assist interested parties in identifying the source of each section of the proposed revised Transmission System Code (other than Appendix 1) relative to the July 2000 Transmission System Code (other than Appendix 1). The listing of a source indicates that the subject-matter of a section of one document has been captured in the corresponding section of the other document. It does not imply that the subject-matter has been dealt with in the same manner or in the same terms. A separate Table of Concordance has been prepared for Appendix 1 of the proposed revised Transmission System Code.
