Dear Ms. Walli:

**Re: File # EB-2007-0522**  
***ENWIN* Utilities Ltd.**  
**Application for 2007 Smart Metering Rate Adder**

*ENWIN* Utilities Ltd. ("*ENWIN*") is pleased to submit to the Ontario Energy Board ("OEB") its application for a 2007 Smart Metering rate adder as part of *ENWIN*'s 2007 Electricity Distribution Rate Application. This application is in accordance with the Smart Metering Rates Addendum to the Report of the Board on Cost of Capital and 2<sup>nd</sup> Generation Incentive Regulation for Ontario's Electricity Distributors ("the Addendum") issued on January 29, 2007.

Smart Meter funding is currently included in the Monthly Service Charge at a rate of \$0.27 for *ENWIN* metered customers in accordance with the OEB's Decision RP-2005-0020/EB-2005-0529 and as approved in the OEB's Decision and Rate Order that supports *ENWIN*'s current rates. In regards to the installation of smart meters in 2007, *ENWIN* has been classified by the OEB as an "Inactive Distributor" since *ENWIN* does not have definite plans to install smart meters in 2007. As stated in the Addendum, it is the OEB's view that nominal funding should continue in rates for distributors who are not actively installing meters in 2007. As a result, ***ENWIN* is seeking approval to continue charging \$0.27 in the Monthly Service Charge for *ENWIN* metered customers for distribution rates effective May 1, 2007.**

Since the proposed 2007 Smart Metering rate adder for *ENWIN* is the same as the adder in the current rates there are no further bill impacts resulting from the requested rate adder.

Consistent with the 2007 Distribution Rate Application, three paper copies of this letter of Application will be couriered to your office, along with a CD copy.

We would be pleased to provide any further information that you may require relative to this application.

Yours truly,

*ENWIN* Utilities Ltd.
