Attention Electricity Distributor Staff Involved in Rate Applications You are invited to a Webcast!

As a distributor who may be applying for a May 1, 2008 rate adjustment based on 2nd Generation Incentive Regulation Mechanism (IRM), the target date for filing is November 1, 2007.

To help you prepare your IRM application the OEB is hosting a special one-hour **webcast from 11:00 am to 12:00 pm**, on **October 15.** We hope you are able to join us.

The webcast will guide you through the process, filing requirements and the IRM Excel model that you need to file with your application. To participate in the session, you just need to log in and access the webcast, by clicking on the www.insinc.com/oeb/20071015.

We are also preparing questions and answers on the 2008 IRM process, similar to the 2007 EDR Q & A document that was posted on the Board's website. The 2008 Q & A document will be available on the Board's website shortly. The document will be updated on a regular basis to reflect additional questions that come in during and after the webcast.

To help maximize the efficiency of the webcast, please send any questions not already covered by the 2008 IRM Q&A Document to <u>2008 IRM webcast@oeb.gov.on.ca</u> by noon, Thursday October 11. If you think of other questions after the deadline, or during the webcast, they can be sent when the session is live.

Benefits of participating:

- To gain insight on how to use the IRM Excel model
- To find out about the process and filing requirements for 2008 IRM applications
