Re: 2006-07 Annual Registration Fee for all Licensees

Enclosed with this letter is the invoice for your annual registration fee for the period April 1, 2006 to March 31, 2007.

As you are aware, the Board recovers its operating and capital costs through an assessment of the natural gas and electricity market participants that it regulates. The Board uses a cost assessment model to set fees and allocate the general cost assessment among the market participants. In March 2005, the government approved a new cost assessment model for the OEB. The Cost Assessment Model called for an annual registration fee of \$800 for each license held. The new fees will ensure that all market participants share in the Board's costs. The Cost Assessment Model can be viewed on the Board's website at:

<http://www.oeb.gov.on.ca/html/en/abouttheoeb/corporate.htm>

In a letter dated March 20, 2006 from John Zych, Board Secretary, all licensed generators were informed about the Board's decision to exempt electricity generators with less than 5.0 megawatts in capacity from the annual registration fee. If your combined installed capacity is under the 5.0 megawatt threshold, please complete and sign the attached Combined Installed Capacity Form so that we can cancel the attached invoice. We have not invoiced those generators who submitted this form for the 2005-06 Annual Registration Fee. This form can be located on the Board's website at:

<http://www.oeb.gov.on.ca/html/en/abouttheoeb/corporate.htm>

For questions or changes regarding your license, please contact the Market Operations Hotline by telephone at 416-440-7604 or 1-888-632-6273 or e-mail at market.operations@oeb.gov.on.ca.

Yours truly,
