Re: Ontario Energy Board's License Fee for Generator Licensees

In a letter dated March 20, 2006 from John Zych, Board Secretary, all licensed generators were informed about the Board's decision to exempt electricity generators with less than 5.0 megawatts in capacity from the annual registration fee. In an effort to assist the economic competitiveness of small generators, the Board has further decided to reduce the one-time license fee for small generators of less than 5.0 megawatts in capacity from \$800 to \$100. The effective date of this change is March 21, 2006 to coincide with the government's announcement of the Standard Offer Program.

Those generators that paid \$800 in license fees after March 21, 2006 should contact the Board Secretary in writing, requesting a refund.

For questions or changes regarding your licence, please contact the Market Operations Hotline by telephone at 416-440-7604 or 1-888-632-6273 or e-mail at market.operations@oeb.gov.on.ca.

Yours truly,
