## WEB POSTING AND EMAIL

September 7, 2006

**To: All Licensed Generators**

**Re: Ontario Energy Board's Licence Fee for Generator Licensees**

In a letter dated July 28, 2006 from Kirsten Walli, Board Secretary, all licensed generators were informed about the Board's decision to reduce the one-time licence fee for small generators of less than 5.0 megawatts in capacity from \$800 to \$100. In an effort to assist the economic competitiveness of small generators, the Board has further decided to include in this reduction additional small generators with capacity less than or equal to 10.0 megawatts.

In an earlier letter dated March 20, 2006 from John Zych, then Board Secretary, all licensed generators were informed about the Board's decision to exempt electricity generators with less than 5.0 megawatts in capacity from the annual registration fee. Consistent with the previous decision, the Board has also decided to include in this exemption electricity generators with capacity less than or equal to 10.0 megawatts.

The effective date of these additional changes is March 21, 2006 to coincide with the government's announcement of the Standard Offer Program.

Those generators that paid \$800 in fees after March 21, 2006 should contact the Board Secretary in writing, requesting a refund.

For questions or changes regarding your license, please contact the Market Operations Hotline by telephone at 416-440-7604 or 1-888-632-6273 or e-mail at [market.operations@oeb.gov.on.ca](mailto:market.operations@oeb.gov.on.ca) .

Yours truly,
