Dear Mr. Gibbons:

**Re: 2006 Electricity Distribution Rates – RP-2004-0188  
Draft Report of the Conservation Working Group**

Thank you for your e-mail of September 29, 2004 on the subject of the Draft Report of the Conservation Working Group.

I understand and appreciate your keen interest in this issue. As you know these matters are already being considered in the Board's current 2006 Electricity Distribution Rates (EDR) process, and I suggest that you continue to make use of that process to address your concerns.

You may also find our Web site to be a valuable resource for information concerning updates and contact information for the 2006 EDR process.

Yours truly,
