## Now, more Ontarians qualify for the Ontario Electricity Support Program (OESP)

The Government of Ontario has changed the eligibility for the program as of March 1, 2024.

The credit amount depends on 2 factors:

- How many people live in the home
- The combined annual household after tax income

If you're a customer of an electricity utility and your household size and income meet certain levels, you may qualify for a reduction on your electricity bill through the OESP.

If you use electric heating, you or someone in the home uses certain electricity-intensive medical devices, or you are Indigenous or living with Indigenous family members, you may qualify for higher OESP on-bill monthly credits.
