Ontario Energy Board Commission de l'énergie de l'Ontario

EB-2011-0073

IN THE MATTER OF the *Ontario Energy Board Act, 1998*, S.O. 1998, c. 15, (Schedule B);

AND IN THE MATTER OF an application by Oshawa PUC Networks Inc. for an order approving just and reasonable rates and other charges for electricity distribution to be effective January 1, 2012.

BEFORE: Marika Hare Presiding Member

> Cynthia Chaplin Member

RATE ORDER (Issued January 10, 2012, as corrected January 12, 2012)

Oshawa PUC Networks Inc. ("Oshawa") filed an application with the Ontario Energy Board (the "Board") on June 1, 2011 under section 78 of the *Ontario Energy Board Act*, *1998*, S.O. 1998, c. 15, (Schedule B), seeking approval for changes to the rates that Oshawa charges for electricity distribution, to be effective January 1, 2012. The Board assigned File Number EB-2011-0073 to this application.

The Board issued its Decision and Order orally on December 6, 2011. In its Decision the Board accepted the Settlement Agreement ("Agreement") proposed by the parties to the Agreement and ordered Oshawa to file a draft Rate Order reflecting the results of the Agreement.

The Applicant filed a draft Rate Order and supporting material on December 13, 2011. The Energy Probe Research Foundation ("Energy Probe") and Board staff filed comments on the draft Rate Order on December 20, 2011. Oshawa filed its response to the comments on December 23, 2011.

In response to the comments, Oshawa withdrew its request for an accounting order to establish a 2012 Depreciation Study Variance Account. Oshawa also provided further clarity on the requested 2012 Capital Additions Variance Account and the OPEB (Other Post Employment Benefit) Deferral Account. The response also included a revised draft Rate Order.

On January 4, 2012 Oshawa filed a revision to *Appendix G* – *Deferral and Variance Account Rate Riders* appended to the revised draft Rate Order filed on December 23, 2011. The purpose of the revision is to include Account 1592 Sub-account HST/OVAT/Input Tax Credits in the total Deferral and Variance Account balance (as of December 31, 2010) for disposition in this proceeding. Account 1592 Sub-account HST/OVAT/Input Tax Credits shows a credit balance of \$40,874. Oshawa also updated the associated rate riders to reflect this revision.

The Board has reviewed the information provided in support of the draft Rate Order, including the aforementioned revision, and the proposed Tariff of Rates and Charges and is satisfied that the Tariff of Rates and Charges accurately reflects the Board's Decision in this proceeding.

The Board notes that on December 21, 2011 the Board issued its EB-2011-0405 Decision and Order pertaining to the Rural or Remote Rate Protection Charge to be effective in 2012. The Tariff of Rates and Charges approved in this Order reflects that Decision and Order.

THE BOARD ORDERS THAT:

- 1. The Tariff of Rates and Charges set out in Appendix "A" of this Rate Order is approved effective January 1, 2012 for electricity consumed or estimated to have been consumed on and after such date.
- 2. The Tariff of Rates and Charges set out in Appendix "A" of this Order supersedes all previous Tariff of Rates and Charges approved by the Ontario Energy Board for the Oshawa service area, and is final in all respects.

- 3. Oshawa shall notify its customers of the rate changes no later than with the first bill reflecting the new rates.
- 4. Oshawa shall establish the following variance and deferral accounts in accordance with Appendix "B", effective January 1, 2012:
 - Account 1508, Other Regulatory Assets, Sub-account 2012 Capital Additions Variance Account
 - Account 1508, Other Regulatory Assets, Sub-account OPEB Deferral Account

DATED at Toronto, January 10, 2012 ONTARIO ENERGY BOARD

Original signed by

Kirsten Walli Board Secretary

EB-2011-0073

RESIDENTIAL SERVICE CLASSIFICATION

This classification refers to the supply of electrical energy to residential customers residing in detached, semi detached, townhouse (freehold or condominium) dwelling units, duplexes or triplexes. Basic connection is defined as 100 amp 12/240 volt overhead service. Further servicing details are available in the distributor's Conditions of Service.

APPLICATION

The application of these rates and charges shall be in accordance with the Licence of the Distributor and any Code or Order of the Board, and amendments thereto as approved by the Board, which may be applicable to the administration of this schedule.

No rates and charges for the distribution of electricity and charges to meet the costs of any work or service done or furnished for the purpose of the distribution of electricity shall be made except as permitted by this schedule, unless required by the Distributor's Licence or a Code or Order of the Board, and amendments thereto as approved by the Board, or as specified herein.

Unless specifically noted, this schedule does not contain any charges for the electricity commodity, be it under the Regulated Price Plan, a contract with a retailer or the wholesale market price, as applicable.

It should be noted that this schedule does not list any charges, assessments or credits that are required by law to be invoiced by a distributor and that are not subject to Board approval, such as the Debt Retirement Charge, the Global Adjustment, the Ontario Clean Energy Benefit and the HST.

MONTHLY RATES AND CHARGES – Delivery Component

Service Charge Rate Rider for Recovery of Residual Historical Smart Meter Costs – effective until December 31, 2015	\$ \$	8.25 0.10

GENERAL SERVICE LESS THAN 50 kW SERVICE CLASSIFICATION

This classification refers to a non-residential account taking electricity at 750 volts or less whose monthly peak demand is less than or expected to be less than 50 kW. Further servicing details are available in the distributor's Conditions of Service.

APPLICATION

The application of these rates and charges shall be in accordance with the Licence of the Distributor and any Code or Order of the Board, and amendments thereto as approved by the Board, which may be applicable to the administration of this schedule.

No rates and charges for the distribution of electricity and charges to meet the costs of any work or service done or furnished for the purpose of the distribution of electricity shall be made except as permitted by this schedule, unless required by the Distributor's Licence or a Code or Order of the Board, and amendments thereto as approved by the Board, or as specified herein.

Unless specifically noted, this schedule does not contain any charges for the electricity commodity, be it under the Regulated Price Plan, a contract with a retailer or the wholesale market price, as applicable.

It should be noted that this schedule does not list any charges, assessments or credits that are required by law to be invoiced by a distributor and that are not subject to Board approval, such as the Debt Retirement Charge, the Global Adjustment, the Ontario Clean Energy Benefit and the HST.

GENERAL SERVICE 50 to 999 kW SERVICE CLASSIFICATION

This classification applies to a non residential account whose average monthly maximum demand used for billing purposes is equal to or greater than, or is forecast to be equal to or greater than, 50 kW but less than 1,000 kW. Note that for statistical purposes the following sub-classifications apply:

General Service 50 to 200 kW

General Service over 200 kW

Further servicing details are available in the distributor's Conditions of Service.

APPLICATION

The application of these rates and charges shall be in accordance with the Licence of the Distributor and any Code or Order of the Board, and amendments thereto as approved by the Board, which may be applicable to the administration of this schedule.

No rates and charges for the distribution of electricity and charges to meet the costs of any work or service done or furnished for the purpose of the distribution of electricity shall be made except as permitted by this schedule, unless required by the Distributor's Licence or a Code or Order of the Board, and amendments thereto as approved by the Board, or as specified herein.

Unless specifically noted, this schedule does not contain any charges for the electricity commodity, be it under the Regulated Price Plan, a contract with a retailer or the wholesale market price, as applicable.

It should be noted that this schedule does not list any charges, assessments or credits that are required by law to be invoiced by a distributor and that are not subject to Board approval, such as the Debt Retirement Charge, the Global Adjustment, the Ontario Clean Energy Benefit and the HST.

UNMETERED SCATTERED LOAD SERVICE CLASSIFICATION

This classification applies to an account whose average monthly maximum demand is less than, or is forecast to be less than, 50 kW and the consumption is unmetered. Such connections include cable TV power packs, bus shelters, telephone booths, traffic lights, railway crossings, etc. The level of the consumption will be agreed to by the distributor and the customer, based on detailed manufacturer information/documentation with regard to electrical consumption of the unmetered load or periodic monitoring of actual consumption. Further servicing details are available in the distributor's Conditions of Service.

APPLICATION

The application of these rates and charges shall be in accordance with the Licence of the Distributor and any Code or Order of the Board, and amendments thereto as approved by the Board, which may be applicable to the administration of this schedule.

No rates and charges for the distribution of electricity and charges to meet the costs of any work or service done or furnished for the purpose of the distribution of electricity shall be made except as permitted by this schedule, unless required by the Distributor's Licence or a Code or Order of the Board, and amendments thereto as approved by the Board, or as specified herein.

Unless specifically noted, this schedule does not contain any charges for the electricity commodity, be it under the Regulated Price Plan, a contract with a retailer or the wholesale market price, as applicable.

It should be noted that this schedule does not list any charges, assessments or credits that are required by law to be invoiced by a distributor and that are not subject to Board approval, such as the Debt Retirement Charge, the Global Adjustment, the Ontario Clean Energy Benefit and the HST.

STREET LIGHTING SERVICE CLASSIFICATION

This classification refers to accounts concerning roadway lighting for a Municipality, Regional Municipality, and/or Ministry of Transportation. This lighting will be controlled by photo cells. The consumption for these customers will be based on the calculated connected load times as established in the approved OEB Street Lighting Load Shape Template. Further servicing details are available in the distributor's Conditions of Service.

APPLICATION

The application of these rates and charges shall be in accordance with the Licence of the Distributor and any Code or Order of the Board, and amendments thereto as approved by the Board, which may be applicable to the administration of this schedule.

No rates and charges for the distribution of electricity and charges to meet the costs of any work or service done or furnished for the purpose of the distribution of electricity shall be made except as permitted by this schedule, unless required by the Distributor's Licence or a Code or Order of the Board, and amendments thereto as approved by the Board, or as specified herein.

Unless specifically noted, this schedule does not contain any charges for the electricity commodity, be it under the Regulated Price Plan, a contract with a retailer or the wholesale market price, as applicable.

It should be noted that this schedule does not list any charges, assessments or credits that are required by law to be invoiced by a distributor and that are not subject to Board approval, such as the Debt Retirement Charge, the Global Adjustment, the Ontario Clean Energy Benefit and the HST.

microFIT GENERATOR SERVICE CLASSIFICATION

This classification applies to an electricity generation facility contracted under the Ontario Power Authority's microFIT program and connected to the distributor's distribution system. Further servicing details are available in the distributor's Conditions of Service.

APPLICATION

The application of these rates and charges shall be in accordance with the Licence of the Distributor and any Code or Order of the Board, and amendments thereto as approved by the Board, which may be applicable to the administration of this schedule.

No rates and charges for the distribution of electricity and charges to meet the costs of any work or service done or furnished for the purpose of the distribution of electricity shall be made except as permitted by this schedule, unless required by the Distributor's Licence or a Code or Order of the Board, and amendments thereto as approved by the Board, or as specified herein.

Unless specifically noted, this schedule does not contain any charges for the electricity commodity, be it under the Regulated Price Plan, a contract with a retailer or the wholesale market price, as applicable.

It should be noted that this schedule does not list any charges, assessments or credits that are required by law to be invoiced by a distributor and that are not subject to Board approval, such as the Debt Retirement Charge, the Global Adjustment, the Ontario Clean Energy Benefit and the HST.

Total Loss Factor – Primary Metered Customer < 5,000 kW	1.0384
Total Loss Factor – Primary Metered Customer > 5,000 kW	1.0045

APPENDIX B

TO CORRECTED RATE ORDER

EB-2011-0073

Oshawa PUC Networks Inc.

DATED: January 10, 2012

Oshawa PUC Networks Inc. Accounting Order EB-2011-0073 January 10, 2012

Oshawa PUC Networks Inc. ("Oshawa") shall establish the following deferral and variance accounts effective January 1, 2012:

1. 2012 Capital Additions Variance Account

Oshawa shall establish the 2012 Capital Additions Variance Account to record the difference of the components of the annual revenue requirement (including, but not limited to, depreciation, interest, return on equity, and PILs) resulting from any under spending on total capital expenditures closed to rate base in the Test Year. The capital expenditures for the 2012 Test Year shall include only capital additions that are inservice as at December 31, 2012.

The amounts recorded in this variance account shall be recorded in Account 1508, Other Regulatory Assets, Sub-account 2012 Capital Additions Variance Account.

If the actual capital expenditures in 2012 are less than \$10.2 million, the revenue requirement impact of the shortfall shall be calculated and credited to the variance account. If the actual capital expenditures in 2012 are equal to or greater than \$10.2 million, no amount shall be recorded in this account.

The variance account shall be in effect for the 2012 Test Year and the subsequent IRM periods until Oshawa's next cost of service rebasing period. The account shall be closed upon Oshawa's next cost of service rebasing period.

Oshawa shall record interest on the balances in the variance account using the interest rates set by the Board from time to time pursuant to the Board's interest rate policy. Oshawa shall apply simple interest to the opening monthly balance of the accounts until the balances are recovered.

2. OPEB Deferral Account

Oshawa shall establish the OPEB Deferral Account to record the cumulative actuarial gains or losses in Oshawa's post-retirement benefits in Account 1508, Other Regulatory Assets, Sub-account OPEB Deferral Account. Oshawa shall capture the one-time adjustment of approximately \$2.6 million to the post-retirement liability on the date of transition to IFRS. This amount shall result from an election applied under IFRS 1 that would otherwise result in a charge to Oshawa's retained earnings. The amount of the one-time adjustment that will be recorded in this account shall be supported by an actuarial valuation when disposition of the deferral account is sought by Oshawa.

The deferral account shall be adjusted as required to record changes in the cumulative actuarial gains or losses in Oshawa's post retirement benefits as supported by updated actuarial valuations prepared for Oshawa. The adjustments to the deferral account shall be made to offset the effect on Oshawa's income that would otherwise result from the actuarial adjustments made to the cumulative actuarial gains or losses.

No carrying charges shall be recorded on this account.
