General Counsel
Ontario Power Authority
120 Adelaide Street W. Suite 1600
Toronto ON M5H 1T1

Dear Mr. Lyle:

**Re: Northern York Region Electricity Supply
Board File No. : EB-2005-0315**

This is to acknowledge the OPA's filing dated October 15, 2007 of the second phase of the three year plan to address the electricity requirements in Northern York Region covering the period from October 2007 to the end of 2009.

The Board notes that the remedial action for summer periods (June to September) in both 2008 and 2009 has been developed under a number of weather scenarios and supply assumptions. Should there be any material change in these assumptions please inform the Board and provide details of any changes to the action plan.

Yours truly,
