October 3, 2008

To: All Licensed Electricity Distributors

Re: **2009 IRM Webcast**

As a distributor who may be applying for a May 1, 2009 rate adjustment based on 2nd or 3rd Generation Incentive Regulation Mechanism (IRM), the date for filing is November 7, 2008.

To provide filing instructions for 2009 IRM applications, the OEB will conduct a two and a half hour **webcast** from **1:30- 4:00 pm** on **October 17**. The webcast will be divided into two sessions:

- Session #1 – 2nd Generation IRM Model – 1:30pm – 2:30pm
- Session #2 – 3rd Generation IRM Model – 2:30pm – 4:00pm

The webcast will guide you through the process, filing requirements and the IRM Excel model that you need to file with your application. To participate in the session, just log in by clicking on the following link: <http://www.thestreamingnetwork.com/Presentations/OEB20081017/>.

We are also preparing questions and answers on the 2009 IRM process, similar to the 2008 IRM Q&A document that was posted on the Board's website. The 2009 Q&A document will be available on the Board's website shortly. The document will be updated on a regular basis to reflect additional questions that come in during and after the webcast.

To help maximize the efficiency of the webcast, please send any questions not already covered by the 2009 IRM Q&A Document to 2009_IRM_webcast@oeb.gov.on.ca by noon, Monday, October 10. If you think of other questions after the deadline, or during the webcast, they can be sent when the session is live.

Benefits of participating:

- ✓ To gain insight on how to use the IRM Excel model
- ✓ To find out about the process and filing requirements for 2009 IRM applications

Event Details

Date: Friday, October 17, 2008

Time: 1:30 pm – 4:00 pm, EST
