**Re: Consultation on Distribution Revenue Decoupling  
Board File Number EB-2010-0060  
Extension of Deadline for Written Comments to May 17, 2010**

---

On March 22, 2010 the Ontario Energy Board advised interested parties of a consultation process on the issue of distribution revenue decoupling. In the letter, the Board invited interested parties to file written comments on a consultant's report entitled *Review of Distribution Revenue Decoupling Mechanisms* (the "PEG Report") by May 3, 2010.

The Electricity Distributors Association (EDA) has contacted the Board with a request that the deadline for filing submissions be extended to May 17, 2010 in light of the involvement of their members in other scheduled consultations and meetings over the relevant period. According to the EDA, the extension would provide an opportunity to more fully consult with their members on this important issue in order to provide a more comprehensive submission.

The Board has decided to grant this request and will, for the benefit of all interested parties, extend the deadline for filing comments on the PEG Report to May 17, 2010.
