**Important Information About Natural Gas Contracts
(as of January 1, 2011)**

- You are being offered **a contract for natural gas supply** by *[name of marketer]* (the “Marketer”) for *[insert number]* years at *[insert details of price]*.
- The Marketer is a private company. **It does not represent your local utility**, and it is not associated with the Ontario Energy Board or the Government of Ontario.
- **You do not have to sign a contract** for natural gas supply. Your natural gas will continue to be provided as it is now, without interruption.
- The contract **is for the cost of gas supply itself**. You will still see other charges on your bill, such as delivery and customer charges. You must pay these other charges whether or not you sign a contract.
- Whether or not you sign a contract, you **must also pay transportation charges** to cover the cost to bring your gas supply to Ontario and to store it. The amount of the charges may be different if the contract you are being offered includes transportation or storage charges. Ask the Marketer whether the contract includes transportation or storage charges or whether you will continue to pay these charges to your utility.
- The **Ontario Energy Board** regulates the natural gas supply price charged by your utility but **does not regulate the price charged by the Marketer**.
- More **information on natural gas prices and other related charges** is available on the Ontario Energy Board’s web site or by contacting its consumer relations center.
- There is **no guarantee of energy cost savings** if you sign the contract.
- You will **enter into a contract if you sign the contract** in the places required.
- If you sign a contract and change your mind, you can **cancel it within 10 days of signing**. You will not have to pay a cancellation fee and your supply of natural gas will not be interrupted.
- A representative of the Marketer **will call you within 10 to 30 days** after you have signed to verify that you want to continue with the contract. **You do not have to verify the contract**. If you do not verify the contract, it will become invalid. You will not have to pay a cancellation fee and your supply of natural gas will not be interrupted.
- The law gives you certain other rights to cancel this contract. However, if you cancel the contract after you have verified it, you **may have to pay a cancellation fee**.
- Carefully read the contract and **make sure you understand** it before you sign it.
- **Keep a copy** of this disclosure statement, the contract and all correspondence with the Marketer for your records.

This disclosure statement was produced by the Ontario Energy Board. **If you have questions or would like more information about natural gas contracts or gas pricing**, please visit the Ontario Energy Board website at www.oeb.gov.on.ca or contact the OEB’s Consumer Relations Centre.
