# Today's Main Objectives

- Review *Storage Working Group Report* recommendations and agree on SGAC advice
- Review *Energy Data Access Working Group's* recommendations and agree on SGAC advice
- SGAC operations & new topics

# Storage Working Group

- Working Group has developed a document identifying barriers to storage, solution options, options to achieve solutions
- Does the Advisory Committee support the Working Group Report?
- Does Advisory Committee have any further and/or alternative advice on the topic that the OEB should consider?
- Expected that Advisory Committee provide its advice by end of June 2014
- OEB will share the advice with the IESO, OPA, and Ministry of Energy as a number of the possible solutions may require action that involve these other parties

# Low Volume Customer Near Real-time Data Access Working Group

- Working Group developed document identifying state of data access, potential value, and options going forward
- Does the Advisory Committee support the Working Group Report?
- Does Advisory Committee have any further and/or alternative advice on the topic that the OEB should consider?
- Expected that Advisory Committee provide its advice by end of June 2014

# SGAC Operations & Future Topics
