Understanding the Price Comparison

This Price Comparison compares only the price businesses pay on the Electricity line of the bill from their local utility (Table A) to the price of electricity offered by the energy retailer (Table B). This is not a total bill comparison.

The information on this page and in Table A was prepared by the Ontario Energy Board (OEB). Table B and other information on this price comparison was filled in by the energy retailer.

Table A shows the prices that are billed by your utility based on time-of-use prices as set by the OEB. These prices can change every May and November.

Use The OEB's Online Bill Calculator To Compare Prices

To compare your total bill costs based on your own electricity use, use your current utility bill, the contract price offer and the OEB's bill calculator.

Before Comparing Prices

Here are key things you need to know:

1. Other Charges

Even if you switch to an energy retailer, you will still have to pay other charges each month to have your electricity delivered to your business by your utility.

These charges include delivery and regulatory charges as well as taxes.

2. The Global Adjustment (GA)

All electricity consumers pay a portion of the GA. The electricity prices offered by your utility include an estimate of the GA. If you switch to an energy retailer, you will still have to pay your share of the GA and it will appear as a separate line item on your electricity

bill. The GA is calculated, and can change, each month. Learn more about the GA at OntarioEnergyBoard.ca

3. Time-of-Use Pricing

Under time-of-use pricing, the amount your business pays for electricity depends on when you use it.

Table A shows time-of-use pricing for a business with the following monthly electricity use pattern:

- 65% during Off-Peak hours when prices are lowest
- 17% during Mid-Peak hours when prices are higher
- 18% during On-Peak hours when prices are highest

Tables A and B below compare prices for three different levels of monthly electricity use. The amount of electricity that your business uses may be different. Check your bill and select the kWh level that is closest to what your business uses each month.
