Understanding the Price Comparison

This Price Comparison compares only the price businesses pay for the natural gas commodity bought from EPCOR Natural Gas Limited Partnership (EPCOR) (Table A) to the contract price offered by the energy retailer (Table B). This is not a total bill comparison.

Even if you switch to an energy retailer, you will still have to pay other charges every month to have your natural gas delivered to your business by EPCOR. These charges include delivery and customer charges, as well as taxes.

The information in Table B and the “Description of Contract Price Offer” was prepared by the energy retailer. Table A and all other information was prepared by the Ontario Energy Board (OEB).

Table A shows the natural gas price set by the OEB and charged by EPCOR. This price is affected by the market price of natural gas

and can change every 3 months. Table B shows the contract price for natural gas offered by the energy retailer.

Table A and B compare prices for 3 different levels of monthly gas use. The amount of natural gas your business uses may be different. Check your bill and select the m³ level that is closest to what your business uses each month.
