*Note:

- In support of its conservation agenda, Oakville Hydro has been converting Condominium units in its service territory from bulk to unit metering. These meters (1,940 meters), and the meters installed within the Individual Metering and TOU Pricing Pilot (373 meters), have the added capability of being AMI compliant and will not need to be changed to meet the smart metering targets.
- 373 consumers, as participants to the Smart Meter Pilot (EB-2006-0306), are billed with TOU prices.
