

Low-Income Energy Assistance Program (LEAP) Funds Disbursement Report Natural Gas

(For use by social service agencies only)

On February 4, 2011, the Ontario Energy Board (the “Board”) issued a letter describing the information to be filed by electricity and natural gas distributors in relation to the provision of emergency financial assistance under the Low-Income Energy Assistance Program (“LEAP”).

On December 21, 2011, the Board issued a subsequent letter, stating that to facilitate the filing process, and for consistency in reporting, it would provide an editable PDF input form for use by social agency partners, that distributors can then use in turn to populate the electronic input form for filing with the Board.

To that end, this editable PDF form outlines the information to be provided by gas distributor’s social agency partner(s) in relation to LEAP emergency financial assistance.

LEAP funds received from:			
Distributor (a)	Non-distributor sources * (b)	Unused funds from previous year(s) (c)	Total funds received (a+b+c) (d1)

* Funds received by the distributor from a third party or from the distributor's shareholder(s) (i.e., not funded from distribution revenues) as a donation and then provided by the distributor to its social agency partner(s).

LEAP funds disbursed for:		
Agency administration and program delivery (a)	Grants to customers (b)	Total funds disbursed (a+b) (d2)
Total unused funds (d1-d2)		

Month in which LEAP funds were depleted:	
---	--

Total number of applicants:	
------------------------------------	--

Number of applicants assisted:	
---------------------------------------	--

Number of applicants denied:	
-------------------------------------	--

Average grant per accepted applicant:	
--	--

Note: Average amount calculations are as follows:

Average grant per accepted applicant = Grants to customers/Number of applicants assisted
