New electricity prices for January 1 – April 30, 2021*

These new prices will appear on the Electricity line of your bill and are only for the electricity you use. They do not include other charges like delivery. If you have a contract with an electricity retailer, you pay the price agreed upon in the contract, not the price set by the OEB.

Time-of-Use (TOU) prices per kilowatt hour:

* While electricity prices are being reduced, the Ontario Government is also lowering the Ontario Energy Rebate. As a result of these two changes, typical residential customer bills will be held stable.
