Ontario Energy Board File No. EB-2016-0201**

---

On November 10, 2021, the Ontario Energy Board (OEB) released the [Regulated Price Plan \(RPP\) Pilot Meta-Analysis Final Report \(Final Report\)](#), which provides an analysis of the results of four pilot projects testing ten alternative RPP price plans and non-price features, along with recommendations stemming from that analysis. The OEB is now inviting interested parties to a stakeholder meeting where the results of the Final Report will be presented, and parties will have an opportunity to ask questions.

### **Stakeholder Event Details**

The OEB will host a virtual stakeholder meeting on **December 16, 2021** from **1:30 p.m.** to **4:00 p.m.** Stakeholders who intend to participate in the meeting are asked to email notice of their intention to [RPP.Pilots@oeb.ca](mailto:RPP.Pilots@oeb.ca) by **December 10, 2021**. Emails should include "EB-2016-0201 RPP Pilot Meta-Analysis Final Report" in the subject line and provide the following information:

## Appendix A Cost Award Matters

### Cost Award Eligibility

Any participant already found to be eligible for cost awards under EB-2016-0201 (see list of eligible participants below) will be eligible for cost awards for this engagement.

The OEB will determine eligibility for costs in accordance with its [Practice Direction on Cost Awards](#). Any person not already eligible for cost awards under EB-2016-0201 intending to request an award of costs must file with the OEB a written submission to that effect by **December 6, 2021**. The submission must identify the grounds on which the person believes that it is eligible for an award of costs (addressing the OEB's cost eligibility criteria as set out in section 3 of the *Practice Direction on Cost Awards*). An explanation of any other funding to which the person has access must also be provided, as should the name and credentials of any lawyer, analyst or consultant that the person intends to retain, if known. All requests for cost eligibility will be posted on the OEB's website.

If a licensed electricity distributor has any objections to any of the requests for cost eligibility, such objections must be filed with the OEB by **December 10, 2021**. Any objections will be posted on the OEB's website. The OEB will then make a final determination on the cost eligibility of the requesting participants.

### Eligible Activities

Cost awards will be available for participation in the associated stakeholder meeting. The maximum number of hours allowed per participant for the eligible activities are:

Preparation, Attendance and Reporting on Stakeholder Meeting.....	12 hrs
---	--------

### Cost Awards

When determining the amount of the cost awards, the OEB will apply the principles set out in section 5 of its *Practice Direction on Cost Awards*. The maximum hourly rates set out in the Cost Awards Tariff will also be applied. The OEB expects that groups representing the same interests or class of persons will make every effort to communicate and co-ordinate their participation in this process. In accordance with section 12 of its *Practice Direction on Cost Awards* the OEB will act as a clearing house for all payments of cost awards in this process. For more information on this process, please see the OEB's *Practice Direction on Cost Awards*.

## How to File Materials
