

## Schedule G: Net Metering Confirmation of Disclosure

*For use on or after July 1, 2022*

This declaration applies to a distributor customer requesting to be billed on a net metering basis in order to provide the confirmation required under in subsection 7.(1)(f) of O. Reg. 541/05, (Net Metering), made under the Ontario Energy Board Act, 1998.

**I, the undersigned, am party to an agreement related to the renewable energy generation facility that will be used for the purpose of being billed on a net metering basis. I hereby declare that all of the following information has been disclosed to me:**

1. The name and contact information of any other parties to the agreement.
2. Whether the agreement is a lease, financing, hosting, licensing or other arrangement.
3. The term of the agreement.
4. The date on which the agreement begins to apply.
5. For the renewable energy generation facility, the rated maximum output capacity as stated on the nameplate of the machinery or equipment that is used to produce electricity.
6. Any insurance or warranty rights or obligations, including any obligation to pay a deductible, related to the renewable energy generation facility or related equipment, systems and technology and any limitations or exclusions in respect of coverage.
7. The terms of payment, including any terms related to deposits, interest or any other financial or legal obligations under the agreement that affect the terms of payment.
8. Any options or obligations to purchase the renewable energy generation facility or related equipment during or at the end of the term, including any relevant dates and costs associated with the options or obligations.
9. Any other costs for which I will be responsible, including costs related to administration and account billing, insurance or warranty rights, leasing, rental, installation, connection, ongoing operation, maintenance and removal of the renewable energy generation facility or related equipment, systems and technology.
10. Any right to terminate, suspend, amend, extend or renew the agreement.
11. Any penalties under the agreement and the circumstances in which I would be liable to pay the penalties.
12. Any right to transfer or assign the agreement.
13. Any authority to put a lien on my property and the circumstances that would give rise to such a right.
14. Any maintenance and operation obligations I have with respect to the renewable energy generation facility or related equipment, systems and technology.
15. An estimate of the annual energy production of the renewable energy generation facility measured in kilowatt hours.
16. An estimate of my annual electricity cost savings under the agreement.
