Total Amount

\$0.00

This is the Electricity line of the bill. It shows what you are paying for the electricity that you use based on your price plan. This bill shows ULO pricing.

As a ULO customer, your consumption is broken down by the amount you use in each ULO price period: On-peak, Mid-peak, Off-peak and Overnight.

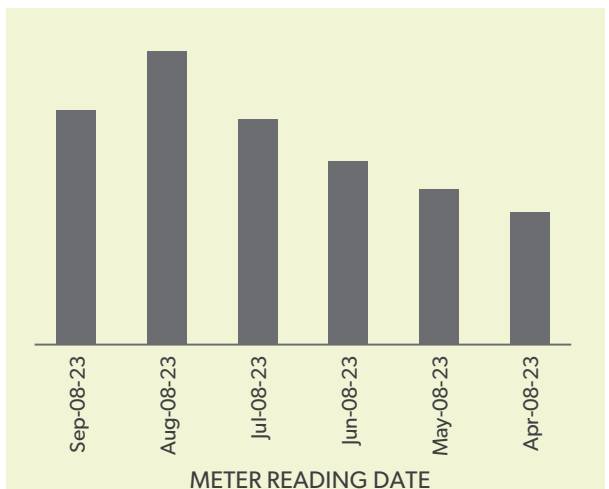

This is the meter reading period, also known as the billing period. Your bill covers all the electricity charges you have to pay for in this period. A billing period is generally around 30 days, but that can vary. Any switch in price plans can only become effective at the start of a new billing period.
