

## EPCOR Natural Gas Limited Partnership (EPCOR)- Aylmer – October 1, 2024

EPCOR applied to the OEB to change the prices it will charge customers in Aylmer effective October 1, 2024.

The OEB approved the following commodity rates effective October 1, 2024.

Gas Commodity Charge<sup>1</sup> (including quarterly adjustment) = **14.6771¢/m<sup>3</sup>**

Annual Commodity Rate Impact for an Average Consumer (using 1,780 m<sup>3</sup>/ year) = **-\$15.70**

Total Annual Bill impact for an Average Customer = **-\$15.70**

The main reason for the commodity rate change is a decrease to the forecast price EPCOR – Aylmer expects to pay for natural gas over the next 12-month period and the difference between actual gas commodity prices and the prices that were estimated last quarter.

**Note:** Natural gas rates are based on a forward-looking forecast for the next 12 months. Forecasts are never perfect, so the billed price is normally either higher or lower than the actual market price. The difference is tracked and passed on to consumers as a credit or a charge in subsequent quarterly rate adjustment applications.
